

# Membership Dues

membership dues

Dues are a part of every honor society. They support your program and provide benefits to your chapter on both a local and national level. This is a partial list of what your Society dues are used for.

- Local chapter induction ceremony, invitations, and other chapter activities
- National scholarships and awards
- Member registration
- Member items (training certificate, t-shirt, membership pin, etc.)
- Postage to send member items
- Personal coaching for you as a member
- Development of the members' web site
- Success Talk & Interview Series production
- Online bandwidth for full streaming videos in the members area
- Materials and staff time to train your chapter advisor and student board
- Staff to answer your questions by phone and email
- Administrative personnel to prepare your training certificates and manage member details
- And many other member-only benefits. . .

For the purpose of comparison:

- ◆ Other honorary organizations have annual dues. The National Society of Leadership and Success has only a one-time fee.
- ◆ Other honorary organizations have local and regional dues. Total fees can add up to over \$100 per year.
- ◆ Other honorary organizations charge for items that show your affiliation with their group. The Society gives these items, such as a T-shirt and car decal, to you as part of your one-time dues payment.
